GARAGE DOOR OPENERS

SAFE IN YOUR HANDS WITH WI-FI®.

Protect even the silliest kids with our smart opener.

PRODUCT BROCHURE 8355W
1/2 HP AC BELT DRIVE WI-FI GARAGE DOOR OPENER

LiftMaster
GARAGE DOOR OPENERS

PROTECT WHAT MATTERS MOST WITH WI-FI®.

Smartphone control. Quiet operation. And the toughest security features available. Whether you're at home or away, trust this garage door opener to keep loved ones safe and sound.

Lifetime Motor and Belt Warranty
Parts and accessories each have 1-year warranties.

3-Button Remote Control (893LM)
Lets you operate up to 3 openers or MyQ® Light Accessories.

Multi-Function Control Panel® (882LMW)
Provides easy Wi-Fi setup and control of the opener's lights from inside the garage.

REMOTE ACCESS

With built-in Wi-Fi® and the free MyQ® App, you always know your garage door is closed with smartphone monitoring and control.

For help getting connected, visit WiFiHelp.LiftMaster.com

ANTI-THEFT SECURITY

Security+ 2.0® prevents unwanted access by generating a new coded signal with every remote click.

Mini Universal Remote Control (374UT) is sold separately.

INTRUDER RESISTANCE

PosiLock® electronically monitors against forced openings so you don't have to worry about someone lifting up the door.

THE BOTTOM LINE:

All-in-one security: with built-in Wi-Fi, there's no need to purchase separate accessories and pay for their installation to know your garage is secure.

MINIMUM VALUE

\$159

WE PUT SAFETY FIRST.

Our mission at LiftMaster® is to ensure that your garage is as safe as it can be. All LiftMaster garage door openers are UL 325 compliant to meet the highest safety standards. From our 3-step safety check for homeowners to training programs for home inspectors and our dealers, we make safe and compliant garage door installations our priority.
